After Centralized admission of students, college prepares Mentor-Mentee groups Semester wise. Each mentor guides personally to each mentees. The process involves selecting the proper subject as per Ist & IInd Method,. At the time of teaching, if they are acquainted with any issues they directly communicate with mentors & Mentees try to solve issues with the help of Principal support.

If any Mentees had any financial issue, family problem, health problem then as per necessity of Mentee, proper guidance and help is provided by the College.

For Internship Mentee had to be in school for 21 week in school campus at that time for to choose proper school as an intern, such guidance is also given by mentor. Similarly at the time of teaching in school or any problem arises in the teaching learning process like technical problem, language problem then they communicate with mentors.

At the time of doing Action research they get guidance on each step. At the time of Organizing any event like seminar, guest lecture, cultural feast, and cultural program under the guidance of a mentor all work has been done smoothly by all mentees. As soon as mentor mentee group decided by college what's app group has been created by our teachers and all will mentee and mentor remain attached with peer.
