### 7.1.2 OUR INSTITUTION HAS A STATED POLICY AND PROCEDURE FOR IMPLEMENTATION OF WASTE MANAGEMENT

- Student teacher learns skills to make beautiful arts and crafts using things from waste materials.
- Our institution eco club works jointly in the task of waste management and also responsibly educates student teachers wholeheartedly in this mission.
- The waste material is segregated into biodegradable and non-biodegradable wastes.
- Dry leaves from campus are decomposed to form fertilizer for the shrubs and plants in our campus.
- Awareness and Training programmes are conducted to prepare teaching-learning materials such as science kits and educational games from waste materials.
- Circular has been displayed to discourage the use of plastics.
- The wastewater from RO water and wash basin is used for watering our plants and trees inside our campus.
- All the buildings in the college campus have a rainwater harvesting system which helps to use the water for washing and watering plants.
- College has a Compost Pit for the disposal of garden waste and so as to make pollution free environment in the college.

## **7.1.2 OUR INSTITUTION HAS A STATED POLICY AND PROCEDURE FOR IMPLEMENTATION OF WASTE MANAGEMENT.**

### **1. Solid Waste Management :**

Encourage students to invest in a reusable water bottle and refill them at campus water bottle and refill them at campus water station. many college campuses have composting programs in place, but not all students may be aware of them. Encourage student to compost food waste , such as fruit and vegetable scraps , instead of throwing them in the trash.

**We keep every coriander Two dustbin one for dry waste and anther one wet waste**
