7.1.2 OUR INSTITUTION HAS A STATED POLICY AND PROCEDURE FOR IMPLEMENTATION OF WASTE MANAGEMENT

- Student teacher learns skills to make beautiful arts and crafts using things from waste materials.
- Our institution eco club works jointly in the task of waste management and also responsibly educates student teachers wholeheartedly in this mission.
- The waste material is segregated into biodegradable and non-biodegradable wastes.
- Dry leaves from campus are decomposed to form fertilizer for the shrubs and plants in our campus.
- Awareness and Training programmes are conducted to prepare teaching-learning materials such as science kits and educational games from waste materials.
- Circular has been displayed to discourage the use of plastics.
- The wastewater from RO water and wash basin is used for watering our plants and trees inside our campus.
- All the buildings in the college campus have a rainwater harvesting system which helps to use the water for washing and watering plants.
- College has a Compost Pit for the disposal of garden waste and so as to make pollution free environment in the college.
